*"The concluding age, the one we live in now,
is the most degenerate,
when separateness and division become open conflict."*

It is called the Kali Yuga, and in time, becomes an incarnation of destruction.
The Vishnu Pranas, a mythological text of the Hindus, described it this way:

*"Kali brought sin into the world. In the Kali Age, the proper order of human relations
is reversed; social status depends upon the ownership of property;
wealth has become the only source of virtue; passion and luxury are the sole bonds
between spouses; falsity and lying are the conditions of success in life;
sexuality is the sole source of human enjoyment;
religion, a superficial and empty ritual, is confused with spirituality."*
