The Sacred Feminine and 5 Goddess Asteroids

Summary

The Divine Feminine Within can be illuminated through the Goddess Asteroids Juno, Vesta, Pallas, Ceres and The Black Moon Lilith, by tuning into the archetype she shows up in, the house she occupies and her interaction in complex with other planets, including initiation planets. We will look at some simple ways to begin bringing these 5 Goddesses into a Shamanic Astrology reading, with a particular emphasis on the Black Moon Lilith as representing the shadow feminine.
